Newtown, Connecticut 06470

March 29, 2023

Dear Leader Schumer, Speaker McCarthy, and ALL Members of 118th Congress:

On March 27th, three children and three educators were hunted and killed by a 28-year-old female with assault weapons in Covenant School, a private Christian elementary school in Nashville, Tennessee.

On Friday, the survivors growing up during the Generation Lockdown held a rally in D.C. – in the rain – to beg Congress to ban assault weapons once again.

Since 20 children and six educators were killed in Sandy Hook Elementary School, we have worked unapologetically for over a decade to pass the assault weapons ban legislation. After 30 years of inaction, the 117th House of Representatives finally passed the ban last year but the 117th Senate failed to act and now more children and educators have been killed.

More than 13.7 million AR-15s have been manufactured since Congress failed to ban assault weapons after Sandy Hook and the sale of these weapons of war resulted in \$11 billion in revenue for the gun industry. You will have more blood of children and educators on your hands and you will help the gun executives line their pockets with blood money if you do not pass the ban.

Enough is enough! The time is now for Congress to vote and pass the ban and deliver it to President Biden's desk rather than continuing to arm future school shooters with assault weapons.

It's time for Congress to #HonorWithAction.

Sincerely,
